OBJECTIVE

To be where I always wanted to be doing from the beginning.

SKILLS

- React.js
- JavaScript
- Express.js
- Microsoft Word
- Leadership
- Sales
- Time Management
- Forklift Operation
- HTML

EXPERIENCE

SAM'S CLUB
CARTS
2013 – 2015
Maintain a clean parking lot while gathering carts, flatbeds, and electrical carts. Always made sure to help people load their cars up if needed assistance.

PRODUCE
2015 – 2017
Worked with the Team Lead and Manager with running the department. Always strived to have the best-looking area.

MORNING STOCKER
2017-Present
Helping every Department with stocking and cleaning. A two-man army in the freezer and cooler making stocking easier.

FREELANCE WEB DEVELOPER
2017-Present
Working as a Web Developer for the Shawnee Area. I do all my own work.

- Node.js
- APIs (Consuming)
- Real Time Cloud Database via Firebase
- Templating Engines
- Sessions
- Writing Tests
- Creating APIs
- User Authentication
- ORM (Sequelize)

VOLUNTEER EXPERIENCE OR LEADERSHIP

As a club we got eight people to go to harvesters and help them out. They gave us about a forth of the truck of bread and we sorted through it.

I helped lead a group of five guys in the Produce Department. We had a high expectation for everyone.
